

## Elementary Schools

When you have a question or concern about your child's class or work in school, it is best to contact the person closest to the situation. In most cases, this will be your child's teacher. If you need to discuss a matter further, please contact your school principal.

If you need to pursue a concern involving special education after speaking with the principal, you should contact the Pupil Personnel Services Office to speak with Mrs. Laura Conte, Assistant Director of Elementary Special Education.

If you have not received a satisfactory answer to your question, you may want to contact Dr. Judith Pandolfo, Assistant Superintendent for Elementary Education, at the Central Office. The Superintendent of Schools is available when other administrators have been unable to address your concerns.
