

PLANNING GUIDE

1. This is not a registration form; it is a planning guide only.
2. Fill in the course you plan to take next year. This will serve as a basis for discussion between you and your counselor prior to the registration process.
3. Note that some courses have already been filled in for you. These are the specific courses required of all students for graduation. Law and Government has been arbitrarily placed in the first semester slot but may also be scheduled for the second semester to allow for a first semester elective.
4. Students are responsible for signing up for Health once each year.

Name _____ Date _____

Present Grade _____ Counselor _____

Parent's Signature _____
