
Textbooks for 2006-7.

Thanks to the cooperation of the department heads in Math, Science and History/Social Sciences, the textbook list for the 2006-7 school year for these subjects is below.

We do suggest waiting until classes start before purchasing books since some books are not needed in the classroom, making a 2nd set unnecessary.

Textbook changes from last year:

Math – no changes

Science – Biology 200 level – new ISBN number

Physics – AP new textbook

History/Social Sciences – no changes

DHSPA Used Textbook Service

To locally purchase a second copy of a textbook, the DHSPA has a Used Book Service. Ann FitzMaurice has volunteered to organize a Buy/Sell list for Darien High School textbooks for fall 2006.

Buying Textbooks: Parents wishing to purchase textbooks from DHS parents should send an email to annfitz@yahoo.com with the subject line "TEXTBUY" and indicate the titles and ISBN numbers of the textbook(s) they wish to buy. A seller list will be emailed back containing names of DHS parents interested in selling the textbook(s). The two parties can agree on the conditions of the purchase.

Selling Textbooks: Parents wishing to sell textbooks which are currently on the list below (check ISBN numbers for changes) should send an email to: annfitz@yahoo.com with the subject line "TEXTSELL" and indicate which textbook(s) they wish to sell, preferably with condition and price information. (Online booksellers can be a guide for pricing.) Purchases via the Internet generally involve shipping fees (which purchasing from a parent would not) and can often involve two or more weeks until delivery (whereas one can often obtain a book from another parent within a day or two.) As a result, the price a parent charges should be somewhat higher than the online price.
