

Works Consulted Checklist

I have a title and my name at the top of the page.

My sources are in alphabetical order.

My sources are NOT numbered.

My second line is indented 5 spaces.

I double spaced the entire document – I did not add an extra space in-between each entry.

My dates are: day month year. (3 January 2005).

I did not separate my sources by type.

All web addresses are only up to the first slash and the hyperlink has been taken off.

I used natural line breaks.

I have periods, commas, “ “, underlining and < > in all the correct places.
