

# 1st Grade ROCKS

# Hello First Grader!

Dear Boys and Girls,

I am so very excited to meet you and begin our school year. My name is Mrs. Martin and I will be your teacher this year. I hope you had a great summer and are ready to get started!

I have been having a wonderful summer vacationing with my family. I have two children. Amanda is almost ten and Carly just turned 8. This summer my family spent time in the Outer Banks and Westerly, Rhode Island. My girls have kept me really busy this summer, but now I am ready to go back to school.

I have already been in our classroom to set things up and plan for our school year. It is looking awesome! I can't wait to share with you what I have done. Are you ready to have your very own desk?

This year in first grade you are going to be very busy as you read, write, do science investigations, and all kinds of math. Also, I have some fun projects planned for us to do.

I can't wait for the year to begin. I will be meeting you soon. I hope you have rested up over the summer and are ready for school to begin on August 31st!

See you soon!

Mrs. Martin
