

### Be Informed

Alerts and messages for school bus arrivals and delays.

### Track

Your student's bus location and predictive arrival time.

### Secure and Easy

Access and log-in from your smartphone, tablet or desktop.

BE A PART OF YOUR STUDENT'S JOURNEY.  
TO SCHOOL. FROM SCHOOL. EVERY DAY.

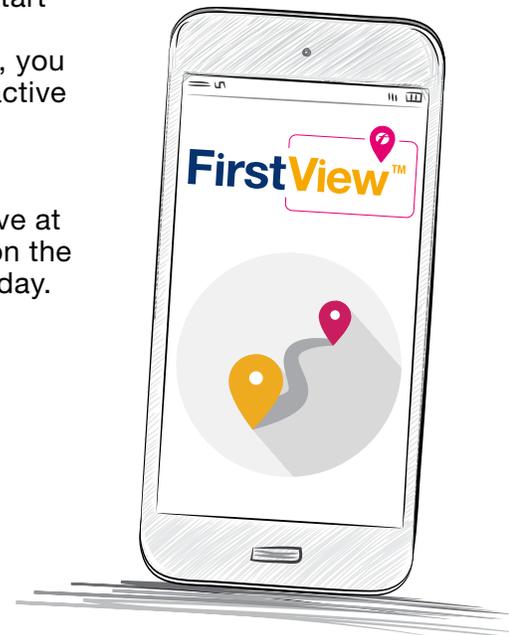

## FIRSTVIEW™ IS YOUR RESOURCE FOR SCHOOL TRANSPORTATION COMMUNICATIONS.

The school bus ride is the foundation of the day, where we create the best start and finish to the school day for students and families. FirstView™, a secure school bus tracking app keeps tabs on your student's bus. With FirstView™, you can see when the route starts, the direction the bus is travelling on an interactive map and an estimated time of arrival to your student's stop.

Custom email or push notifications inform you of any delays (reasons and estimated delay length), time and distance reminders of when a bus will arrive at a stop, and the bus's arrival at school. Whether you're at work, at home or on the go, the FirstView™ app makes you part of your student's school day, every day.

Designed and proven with parents, for parents.  
FirstView™ frees you from worry and connects you with  
your student's school transportation journey.

To download the app, visit [www.firstviewapp.com](http://www.firstviewapp.com) or download from your app store. You can also reach our Customer Support Team by emailing [support@firstviewapp.com](mailto:support@firstviewapp.com).
